## NEW BUSINESS:

Dan Riley advised that Tom Dunno, Manager of the Van Wert Airport said that the club will need to get their antenna off of the building since it will be torn down and a new facility will be constructed. Also, he wanted to know if the club was interested in the two 50 ft towers, lights and ground wire that is available at the airport. After discussion, it was decided that some of the members would go out and look at what is available when the weather is better. The club will make the decision based on their findings.
